

LifeNet Health works with a number of Organ Procurement Organizations (OPO) and Tissue Banks (TB) throughout the country. As these organizations are focused primarily on organ donation and tissue recovery, LifeNet Health is responsible for donor screening, tissue processing, and distribution services for our OPO/TB Partners.

For Cardiovascular tissue, these include:

Alabama Organ Center	Blood and Tissue Center of Central Texas
California Transplant Services	Community Tissue Services - National System
Carolina Donor Services	Center for Organ Recovery and Education
Donor Network of Arizona	Florida Tissue Services, Inc
Gift of Life Michigan	Gift of Life Donor Program
