## LifeNet Health | Pacific Northwest

LifeNet Health is the only full-service tissue bank in the Pacific Northwest that recovers, prepares and distributes tissue for transplantation, medical research and education. Our mission is to save lives, restore health, and give hope. Our Northwest headquarters is located in Renton. We have more than 70 dedicated staff who partner everyday with various organizations including hospitals, law enforcement, funeral homes and others.

We are dedicated to the communities we serve by providing education, grief and bereavement support to donor families, and lifesaving tissue to patients in the Northwest.

### Want to learn more?
