Services

LifeNet Health is the federally-designated organ procurement organization for the state of Virginia. As the world's most trusted provider of transplant solutions, our services range from organ procurement to new innovations in bio-implant technologies and cellular therapies while always honoring the donors and healthcare professionals that allow the healing process.

As a full-service tissue bank, our full line of allograft bio-implants provides surgeons with the tools they need to improve the lives of patients. Furthermore, we provide exemplary service to clinicians and hospitals by making the finest quality allograft implants easily accessible. Every year LifeNet Health distributes over 400,000 allograft bio-implants to meet the needs of hospitals and patients around the world. Our record of safety is unmatched. Our philosophy is simple: When partnering with a bio-implant supplier, your decision should not be based solely on fee, but rather on the overall value you and your patients expect and deserve.

As part of our commitment to advancing alloengineering, LifeNet Health is a committed provider of research cells and tissue. Our pipeline holds great promise for the future. As a non-profit leader in regenerative medicine, LifeNet Health is the world's largest provider of bio-implants and organs for transplantation by advancing the field of tissue engineering.
